Unforgettable Safari tour with experienced and trustworthy organisation ★★★★★

Face of Africa Adventures gave us initially a warm welcome in Tanzania by picking us up at Kilimanjaro airport in the middle of the night, and arranged us a residence in Arusha so we had a place to sleep for the first night. After exploring Arusha and nearby villages with a guide of FoAA the next day, we were ready for our 5 day safari experience: Lake Manyara, Tarangire, Serengeti & Ngorongoro National park where we saw the big five and all it's associated scenes as we can see them in Europe only on National Geographic TV. It was an unforgettable tour with an excellent crew. Special thanks to Hamadi and his well experienced and organised team!

Photographer's Dream! ★★★★★

What an amazing experience! Face of Africa Adventures lived up to their name with outstanding hospitality and a top notch tour guide! Our guide, Shaffie, was friendly, knowledgeable, and helped us take in some amazing views! What made the trip even more enjoyable was talking to Shaffie about his love for the environment and how passionate he is about nature, the Serengeti, and his country of Tanzania! The accommodations were also outstanding and a great place to relax after a fun day on safari.

Fantastic!!!! ★★★★★

My boyfriend and I just did the safari in Tanzania with this agency (face of africa adventure) and we had a great time! Amadi was very kind and helpful for any our request! The safari was magnificent, we saw many animals including lions and cheetahs! We slept 3 nights on camping and it was a unique experience, even the food was ok!
I would recommend to trust this agency !!!

Amazing trip for a group of 21 Artists ★★★★★

We had a great experience with FOAA. Before the trip Hamadi (the owner) was very responsive to our many questions so everyone was prepared. From the moment we touched down the FOAA team was there to support us. We were given an additional vehicle and driver and were joined on the safari by Hamadi (to handle logistics) and his most experienced master guide who was encyclopedic in his knowledge and insight. Each driver/guide has been through a rigorous training program at the university and had rich information to share about ecology, mammals, birds, and plants. They managed our safety, comfort, and experience flawlessly. Our lodges and rooms were very good. The food was well prepared and delicious. I will be organizing other safari adventures in the future and will continue to use FOAA.

The most beautiful experience ★★★★★

It was one of the best experiences in the hands of professionals who knew the whole African environment and our guide could speak Spanish, thanks to that I was able to increase my knowledge about African fauna and wildlife. I had the opportunity to see all the animals you imagine, rhinos, elephants, giraffes, lions, leopards, zebras, etc.

The service is excellent, the tour is long but thanks to the good company it becomes very fun. The people are very friendly and nice. On the food I have no complaints, the cook offered us international food with an African twist. Finally we finished with a good taste. The price is worth it, I recommend 100% this company.

I would repeat this Safari, thank you very much, Hammad, congratulations on your great work!

Lovely first safari ★★★★★

I had a great safari with face of Africa adventures. I had arranged it quite last minute but everything was organized very well. The program was not exactly the same as in the itinerary but in my case it made my safari even better. Compared to other safari companies this one had a really good price.

Great 6 day safari with Nico and Face of Africa Adventures ★★★★★

We booked from Germany a 6 day safari (15.09 to 20-09.2016) with Hamadi via this website. We then had a lot of email contact where he made a great itinerary for us and answered very professionally all of our questions. He even provided us with contact information of other customers. We paid 1/3 of the amount beforehand as deposit and the rest on arrival. It was done all very professionally.

On arriving in Arusha, we visited him in his office, everything was very nice, Hamadi is a very polite person. We were shown the jeep and could decide if we wanted to take it or if we want to switch it (we had a very good 4x4 car, we met other people with very old cars that broke down all the time). We also were introduced to our driver / guide, Nico. He was an excellent driver and guide, we had such a good time with him (it was just me and my wife on the safari) and you could really have a great time with him during dinner. When he heard on the ranger radio that some animal was seen he immediately went there, we saw a huge amount of animals. The accommodations were all superb and really really great (Karatu country lodge near Lake Manyara, in the serengeti a luxury tented camp and Rhino lodge near Ngorogoro crater).

Hamadi really organized a beautiful safari for us, it was worth every dollar and Nico was an amazing driver, we can only recommend Face of Africa and Nico!

We went 1 day Tarangire, 1 day Lake Manyara, 2,5 days Serengeti and 1 day Ngororo Crater, it was so much fun!

Thank you very much again Hamadi and Nico!

We had an amazing time with Face of Africa on our safari. Amboselli, maasai mara, Serengeti and Ngorongoro were all exceptional places to visit and made even better by our two expert guides Edward and Shafii. We saw the big 5!! And so much more. All of the camps/lodges were welcoming and the food was great. Our guides knowledge of the parks and animals was highlighting as we can tell stories to go home with the photos we have taken when we get home. I will be telling all my friends and family to visit Kenya and Tanzania. Thank you so much!

We have just completed an amazing 4 days safari organized by face of Africa Adventures. their approach to customer is really professional. They care and listen to you and they do not sell you only tour, they provide you experience, these guys also support you with any kind of information for your need and next travel plans. Trust is the hidden word here.
